[UIC permit comment extension request.pdf](#)

Hi Stephen,

If you attached something to your email message, it did not get through. Sometimes large attachments (>25MB?) get clipped.

Also, I sent you a message regarding Excelsior's FOIA request. I'm happy to discuss that if you would like. Our default is to proceed with the FOIA request as written, unless you elect to narrow the focus. I'm attaching a copy of the comment period extension request submitted by Pete Dronkers. We had previously provided our response letter.

Thanks,  
David

**Subject:** Market

Hi David,

We have had a discussion internally and at this stage Excelsior does not intend to ask for a public hearing.

I also want you to be aware that the market (domestic and international) are watching our UIC process very closely and are clearly skittish/pessimistic (see attached). Although I am aware this is not in your control, however our ability to manage market sentiment and messaging relies to some extent on you keeping us abreast of communications with third parties and of EPA's

intentions with respect to further delays or public meetings/hearings. Therefore, to the extent possible please keep me informed on what EPA is doing WRT our UIC as early as possible.

Regards,

**Stephen Twyerould**
